OFFICE SUPERINTENDENT OF THE PUBLIC PRINTING, } Washington, October 1, 1856. }

IN pursuance of the provisions of the "Act to provide for executing the public printing," &c., approved August 26, 1852, sealed proposals will be received at this office, in the Capitol, until the first Monday (1st day) of December next, at twelve o'clock, m., for furnishing the paper that may be required for the public printing for the year commencing on the 1st day of December, 1856 and ending on the 1st day of December, 1857.

The subjoined list specifies, as nearly as can be ascertained, the quantity, quality, and description of each kind of paper that will be required:

CLASS I.

10,000 reams fine printing paper, uncalendered, to measure 24 by 38 inches, and to weigh forty five pounds to the ream of 480 sheets.

CLASS II.

4,000 reams fine printing paper, calendered, to measure 24 by 38 inches, and to weigh fifty-six pounds to the ream of 480 sheets.

CLASS III.

6,000 reams superfine sized and calendered printing paper, to measure 24 by 38 inches, and to weigh fifty two pounds to the ream of 480 sheets.

CLASS VI.

Uniformity in color, thickness, and weight will be required; and no bundle (exclusive of wrappers) varying over or under five per cent from the standard weight will be received, and the gross weight will in all cases be required. Mixing of various thicknesses in the same bundle to make up the weight will be considered a violation of the contract.

All the papers designated in classes 7 and 8 are to be made of the best materials, free from adulteration, and finished in the best manner. The papers in class 7 are to be white or blue, of the regular standard sizes of the respective kinds, and of such weights as may be required by this office; those in class 8 are to be white, and of the sizes and weights specified in the schedule.

The right is reserved of ordering a greater or less quantity of each and every kind contracted for, at such times and in such quantities as the public service may require.

All proposals and samples must be transmitted to this office free of postage or other expense.

Each proposal must be signed by the individual or firm making it, and must specify the price per pound (and not one price for each) of every kind of paper contained in the class proposed to be furnished.

All the paper in the several classes must be delivered at such place or places as may be designated in Washington City, in good order, free of all and every extra charge or expense, and subject to the inspection, count, weight, and measurement of the Superintendent and bein all respects satisfactory.

Blank forms for proposals will be furnished at this office to persons applying for them; and none will be taken into consideration unless sub-stantially agreeing therewith.

Bonds, with approved securities, will be required; and the supplying of an inferior article in any of the classes, or a failure to supply the quantity required at any time, will be considered a violation of the contract.

Each bidder is required to furnish with his proposals satisfactory evidence of his ability to execute them; and proposals unaccompanied by such evidence will be rejected.

The proposals will be opened in the manner required by law "on the first Tuesday after the first Monday in December" next (2d,) at 10 o'clock, a. m., at the office of the Superintendent,

proposals will be addressed to the "Superintendent of Public Printing, Capitol of the United States, Washington," and endorsed "Proposals for supplying Paper."

LOUISVILLE TIMES.

JOHN O. BULLOCK & JOHN C. NOBLE, EDITORS

CITY OF LOUISVILLE.

THURSDAY.....NOVEMBER 20, 1856.

☞ The Hon. J. H. Jewett, member of Congress from the 6th district, reached the city last night on his way to Maryland.

NEXT CONGRESS.—The Democrats have made a net gain of THIRTY-TWO Representatives in the next Congress.

The Vincennes Western Sun is out in a lengthy and well written article in favor of the election of Gov. Wright to the United States Senate.

☞ The St. Louis Pilot has been merged into the Leader, which is the National Democratic organ of Missouri. With greatly increased financial resources and an editorial staff of unusual ability, the Leader cannot fail taking a front position among the papers of the Union.

VIRGINIA.—In 137 counties heard from Buchanan's majority is 28,541. Seven more counties are to hear from, which will make the majority over 30,000. This is one of the States that Humphrey Marshall and Prentice swore was certain for Fillmore.

GUSTAVUS ADOLPHUS SCROGGS.—Wonder where this young man is? "These solemn rites will make you President of the United States, sir." "I sincerely hope so." Hal hall hall.

☞ The Fusionists of Philadelphia have tendered the compliment of a public dinner to Kenneth Raynor, in testimony of their appreciation of his treachery to the South.

FREMONT VOTE IN VIRGINIA.—On the eve of the election Botts announced in a public speech that Fremont would receive 10,000 votes in Virginia. On the basis of this assumption the same individual predicted that Fillmore would get the electoral vote of the State. The result is, that Fremont receives something less than 300 votes, and Buchanan carries the State by 30,000 majority. Whence comes the inspiration of prophecy upon Botts?

CALIFORNIA.—No news has yet been received of the result of the election in California, but the confidence of parties there may be known, from the fact that a bet of $10,000 was offered in San Francisco on the 20th October, that Buchanan would carry the State, and that Fremont would beat Fillmore—which was not taken.

☞ The Democracy of Indianapolis have nominated Mr. James W. Edgar for City Clerk. Mr. E. is a member of the Louisville Law School, and his nomination, under the circumstances, while absent from home, is a high compliment.

Mr. Edgar is a gentleman of talents, and a first rate Democrat. In August he went from Louisville to Indianapolis for the sole purpose of voting for Gov. Willard.

NEAPOLITAN RULE.

The King of Naples is consistent with his antecedents in his present obstinate refusal to modify his rule at the solicitation of France and England. It appears that he once before resisted the interference of France in the business of his government. Since the present imbroglio commenced, two curious letters have turned up—one addressed by Louis Phillippe, soon after the revolution of 1830, to his cousin, of Naples; and the other, the reply of his Sicilian Majesty. Louis Phillippe appealed to King Ferdinand to put an end to his system of repression and violence, and to govern after the example of the Orleanist monarchy.—Ferdinand's reply is a choice specimen of royal literature. He says:

"I should much like to adopt your system which must of course be moderate and legal, but I am bound by treaties and an alliance which I must remain faithful to; the more so, as in days of adversity that alliance was always friendly and favorable to us. Liberty is faithful to the Bourbons, and I am quite determined not to incur the fate of Louis XVI and Charles X. My subjects obey force, and submit to it. I must confess to your Majesty that I carry out the ideas which experience proved to Prince Metternich to be efficacious and useful. My subjects do not want to think or reflect. I take upon myself to preserve their happiness and dignity, and this I shall only be able to do by listening to the councils of Austria without submitting myself to her orders and wishes. We do not belong to this century; the Bourbons are ancient; and if they wished to adopt any modern system or notions they would be perfectly ridiculous. We shall imitate the Hapsburgs—if fortune betrays us we shall never betray ourselves."

The London Weekly Times, commenting upon this letter, says:

The Ferdinand of twenty-five years ago is the Bomba of to-day. On Austria and the Hapsburgs he places his reliance, and he models his system of government upon theirs. And he is bound to do so by treaty; for in 1815 the Emperor of Austria and the King of the Two Sicilies entered into a convention, by which the latter bound himself not to introduce any change which should not be in keeping with the principles adopted by Austria in the government of her Italian provinces By virtue of this treaty Austria has intervened in the internal affairs of Naples; and as it is still in force, while Austria employs arrests on suspicion, indefinite terms of imprisonment without trial, the scourge, the torture, and the gallows as ordinary means of government, the King of the Two Sicilies must do the same. In view of these facts we may easily judge whether Austria is sincere in her pretended desires to bring the Neapolitan Government within the pale of humanity.

A NOVEL MOVEMENT.—We extract from the Paris correspondence of the New York Journal of Commerce, the following statement:

We are told that a Congress is to be assembled in Brussels next year, to decide upon the improvements to be effected in male and female attire. Delegates are to be sent from all nations to defend their national coiffures, and inventors will be allowed to produce new models. The round hats now worn by gentlemen, and the enormous skirts of the ladies are to be especially discussed by the Congress. This body will fix upon another male head dress, and agree to wear the hat which will be accepted by the delegates. Measures are to be proposed to persuade the fair sex to adopt a more moderate volume of skirt, as the present styles produces many evils; the enormous expense of so many yards of silk, the raising of rents in consequence of the necessity of wide stair cases and large saloons, &c., &c. All this is pleasant irony, if rather doubtful as matter of fact.

THE ELECTION IN GEORGIA.—The Georgia Platform says:

"Our returns and computations are, of course, not strictly reliable, but are believed to be as correct as the nature of the case will admit. We have ninety-seven counties returned and reported, showing an aggregate increase on Governor Johnson's majorities last year of but little short of 9,000.

☞ A late number of the American Railroad Times contains the following very judicious remarks:

"No grater mistake has ever been made by railway officials than was committed when they withdrew their advertisements from newspapers."

No grater mistake can be made by any class of business men, whether railroad officers or others, than to withhold their advertisements from newspapers. Advertising is the secret of business success.

☞ The abundance of mast in the woods of Shenandoah county at this time has been productive of a numerous crop of squirrels and other game, hundreds of which have been killed within the last few weeks. Rifles, shot guns and muskets have been brought into requisition. *Virginia Papers.*

Don't believe the mast produced the crop of squirrels, but feel the most malignant envy towards those whose good fortune it is to shoot and eat them and the other game.

☞ An old widow, when her pastor said to her, "God has not deserted you in your old age," replied, "No, sir, I have a very good appetite still."

☞ We should like to hear "*Hurlan's Opinion*" on the late election.—*Bardstown Gazette.*

NICARAGUA.

The following extracts from the private correspondence of a very intelligent citizen of Nicaragua, conveys valuable information in respect to that very interesting country.

———, Oct 30, 1856.

My Dear Friend—The most important news from Nicaragua by the last two arrivals, is the statement "that Gen. Walker had revoked the decree abolishing slavery in Nicaragua."

It has come a little sooner than I told you it would, but not too soon. Now what can you Virginians do? Why not you yourself make the start through the newspapers?

FIRST—Slavery is admitted.

SECOND—The State is as large as Virginia, and 99 per cent. public lands. This I got from the best informed natives, after careful enquiry.

THIRD—The lands are rich, and the productions those most adapted to slave labor, viz:

1. Sugar in perfection; no frost.
2. Tobacco rudely cultivated, but not much inferior to the Cuban.
3. Coffee of good quality—now much neglected.
4. Indigo—said once to have been the best in the world, but its culture has been abandoned since the civic wars. It is, however, more easily restored than any other crop, and the vats for its preparation are still to be found on the old estates. They were made by the Spaniards of stone and cement.
5. Cocoa—from which chocolate is made. A beautiful crop, requiring but little labor, and yielding a great value in a small bulk.
6. Rice—very abundant, of the upland varieties.
7. Dye-woods, of various kinds and of great value.

The foregoing are all produced on the low country adjoining the lake and the Pacific. But there are no marshes, that I saw, in travelling extensively in this region. As you ascend the mountains which lie to the North and East you meet with other productions, viz:

8. Cotton, of excellent quality.
9. Then wheat, which is said to yield well.—There are still some old flour mills in this section. Wild Indians here begin to be troublesome.
10. With wheat appear the fruits of the temperate zone.
11. Open glades, covered with perpetual grass, on which, in some parts, herds of thousands of cattle may now be seen.
12. A little higher than the pastures, gold and silver mines, which the natives are now working with profit, though using the rudest and most inartificial processes, for example they bring the ore down to their grinding places on the backs of oxen.
13. The best kinds of timber are to be found in all parts. I was particularly struck with the cedar, beams, of which were shown me said to be 117 years old, and as sound as they were the day they were put up.

This magnificent country Gen. Walker has taken possession of in the name of the white race, and now offers to you, to you and your slaves.

WHAT THE "PLAQUEMINE FRAUD" WAS.—According to the Cincinnati Inquirer, edited by a gentleman formerly resident in New Orleans, most of the virulence against Senator Slidell may be traced to the excitement created by what was called the "Plaquemine Fraud," in 1844—a transaction more grossly misrepresented than any other in our political history, and with which Mr. Slidell had no connection that was not fair and honorable. The Inquirer says:

The facts were these: The parish of Plaquemine, below New Orleans, is a marshy region of Louisiana, the principal inhabitants of which are boatmen and fishermen, who spend the greater part of their time on the sea, in the bayous and on the islands, fishing and piloting.—These people were generally Democrats, and the idea was started that by chartering small steamers to proceed to their resorts and carrying them to the polls a large democratic vote might be polled. The plan was executed by an active politician, Judge Leonard, and the vote of the parish was thus trebled. It was never pretended that these persons were not good voters, and an inquiry, directed by the Legislature, failed to discover any illegality in the transaction.

There was another incident of this affair. In the city of New Orleans, owing to the early closing of the polls and the insufficient number of voting places, a large number of voters were prevented from voting for President. The old constitution and laws of the State, which had never been repealed, permitted a citizen to vote in the county in which he resided; but a subsequent statute abolished the old division into counties, without expressly repealing the provisions as to voting for President. Plaquemine was a part of the old county of Orleans, and the Democrats, who were shut out by the premature closing of the polls in the city, were advised to proceed to Plaquemine in steamboats, which were chartered by the Democratic Executive Committee. These persons, who were all good voters, served to swell the democratic vote of this parish, where the election was held for three days. Mr. Slidell was a member of that committee, and was made the target for the violence of the defeated opposition, and a transaction which, neither in its inception nor its execution, contemplated any fraud, gave an unenviable notoriety to the parish by rendering its name the synonym of electioneering frauds.

His real offence was his untiring energy and tact in forwarding the interests and success of his party by fair, lawful, and honorable means.

THE PICTURES IN HAMLET.—We see it stated that Mr. Burton shows his appreciativeness of the text of Shakespeare in substituting full length pictures of the Queen's two husbands, in Hamlet, for the miniatures usually used, in the famous scene between the Prince and his mother: Act III. Sc. 4.

The elder Vandenhoff was in the habit of playing it in this way, and always with striking effect. The text evidently requires it, the Prince, not setting down, and comparing the miniture of his father, which he wears, with that of his uncle, which is hanging from the neck of the Queen, draws her attention to their full length portraits, suspended on opposite sides of the apartment; and, pointing to them alternately, says:

"Look here, upon this picture and on this;
The counterfeit presentment of two brothers."

He first describes that of his father; and among other points of resemblance ascribes to it

"A station like the herald, Mercury,
New-lighted on a heaven kissing hill:
A combination and a form indeed,
Where every god did seem to set his seasse,
To give the world assurance of a man."

Now, if Hamlet held but a miniture in his hand while giving this description, where was its appreciability? Where was the "station"—which means the act of standing? Where the comparison with the newly-alighted god? Where the "combination and the form?" We hope to see the true mode of doing this great scene universally adopted in our theaters.—*N. O. Picayune.*

A new edition of the People's Pamphlet, giving the rise and progress and wonderful cures of Perry Davis' Vegetable Pain Killer, from 1840 to the present time, given gratis by the agents to this valuable medicine. It is richly worth a perusal. This unparralleled preparation is receiving more testimonals of its wonderful efficacy in removing pains, than any other medicine ever offered to the public. And these testimonials come not alone from the ignorant, but from persons of every degree of intelligence, and every rank of life. Physicians of the first respectability and perfectly conversant with the nature of diseases and remedies, have recommended this as one of the most effectual in their line of preparations for the extinction of pain.

As an internal remedy the Pain Killer has no equal. It will cure Cholera, Cholic, Summer Complaint, Dysentery, Dyspepsia, Asthama, Rheumatism, &c., by taking it internally and bathing with it freely. It is the best liniment in America. Its action is like magic, when externally applied to bad sores, bruises, sprains burns and scalds, either on man or beast. For sick head-ache and tooth-ache, don't fail to try it.—Full descriptions in the "People's Pamphlet."

A FAST LINE'—The Louisville Express is justly considered a great institution, and Mr. J. P. Oldham is well known as an honorable, clever business man, and his statement below in regard to the great remedy of the day, in his voluntary act and may be relied upon as strictly true to the letter.

LOUISVILLE, Oct. 9, 1856.

DR. R. D. PORTER:

DEAR SIR: I have used your Oriental Life Liniment on the horses of the Louisville Express, in several cases with the greatest success. For the cure of Cuts, Bruises, Sprains, &c., it is unrivalled and I do not hesitate to say that it is far superior to any Liniment I ever saw. I cheerully recommend it to all as a safe and reliable medicine Respectfully,

JAMES P. OLDHAM.

The Oriental Life Liniment is sold by all the Druggists in Louisville, Portland, New Albany and Jeffersonville, and the trade generally.

☞ How often do we hear the inquiry made what can I get to cure this violent cramp I am nightly subject to? I well know the cause to be my too frequent indulgence in eating the vegetables and fruits of the season, besides taking a dozen or more glasses of water during the day—consequently, must pay the penalty. Our advice to such would be always to keep a bottle of Hostetter's Celebrated Stomach Bitters in the house, as it will afford instant relief to any person having Cramps, Spasms, Cholera Morbus, &c.; which are generally the result of over-indulgence in vegetable diet. In fact, when interest is consulted, no family can afford to be without these Bitters They can be had of any of our druggists fore one dollar per bottle, containing a full quart, which will last the season. Sold by all druggists and dealers generally.

Dr. S. A. Weaver has turned his attention for years to each diseases as Canker, Erysipelas, Scrolula, and we are happy to learn that his patient researches have resulted in great benefits to those afflicted with such diseases. The Canker and Salt Rheum Syrup, with the Crete, will be found the most certain and speedy cure ever offered in this country. The reputation his medicine has acquired, the certainty of cure whenever it is used, induces us to urge upon all the necessity of playing particular attention to this subject.

These medicines are sold by Stewart, Miller & Co., Louisville, Ky.; Hoover, Riley & Ruddle, New Albany, Ia.. J. N. Harris & Co., Cincinnati, Ohio feb3 dawly

TROXEL'S AMBROTYES, &c.

These beautiful pictures are made only by Troxel a his gallery on Main street, between Second and Third Louisville, Ky. The Spereotype is a beautiful picture made upon glass, but like all other pictures, except the Ambrotype liable to fade, having no more projection than the common dagnerreotype, but by connecting the Ambrotype and Spherotype together, this difficulty is overcome, as the pictures is hermetically sealed between glass, and not only stuck together with adhesive paper. All pictures made in Louisville called Spherotypes, except at my gallery are not hermetically sealed, but merely stuck together with paper, and liable to fade. Having just returned from Fainkfort with quite a number of pictures of the most prominent members of the Legislature and citizens of Frankfort, the public are invited to call and see specimens. Also one of the largest and most truthful portrains of Harry Clay on exhibition all hours of the day. The picture is of full length of life, and represents him as making his speech upon the Missouri compromise. Citizens and strangers are invited to call at the gallery on Main street, between Second and Third.

MEETING OF COAL COMMISSIONER.—It will be borne in mind that the commissioners for the organization of a coal company hold a meeting at the Merchants' Exchange this evening.

☞ A very severe shock of an earthquake was felt at Hickman on Sunday morning, the 9th instant. The same shock was felt at Jackson, West Tennessee.

☞ James M. Willis[illegible], has resigned the office of President of the Memphis and Little Rock Railroad Company, owing to other engagements of a private character.

MISSISSIPPI.—The Jackson Mississipian, of Friday last, expresses the opinion that Mississippi has gone for Buchanan by at least 6,000 majority.

☞ The Augusta (Ga.) Chronicle says that a receiver has been appointed for the defunct Manufacturers and Mechanic's Bank, and that its resources have been found *very scant*.

☞ A flute made of gold is exhibited in London. The gold was brought from Australia, and the workmanship is said to be exquisite. It is valued at $650.

SALE OF THE NATURAL BRIDGE.—The Lexington Gazette states that the Natural Bridge property, in Rockbridge county, Va., including the hotel and 100 acres of land around it has been sold to Mr. Sheffield for $12,000.

AT COST.—By reference to the advertisement of Messrs. Miller & Tabb. it will be seen that they are selling their stock ($30,000 worth of beautiful dress goods) at cost. This is the place for ladies to get bargains.

☞ In our commercial column of this morning will be seen a sale of 2500 boxes candles, for the California market, amounting to about $12,000. The order for these candles comes from New York, and we understand is for $50,000 worth. This says something for Louisville.

☞ The prairies north of Lafayette, Ind., abound in deer, wild geese, prairie chickens, sand-hill cranes, ducks, and other feathered game. Hunters visiting that region lately have been exceedingly successful.

GRAND JURY.—Sixteen citizens were summoned before the Police Court on Tuesday and empanneled as a Grand Jury, and charged to act in that capacity the remainder of the month.

☞ The New Orleans Picayune notices a new and dangerous counterfeit on the Canal Bank of that city. It is of the class A, and dated November 21, 1851.

GREAT MUSICAL TREAT.—Strakosch's grand concert company, with M'lle Teresa Parodi at their head, will give one concert in Louisville, on Monday evening, November 24th.

☞ The Bardstown Gazette notices the death of Mrs. Rosannah Gibbs. She was a sister of Mr. Nathaniel Wickliffe, whose death we had to record a short time since. They died within a week of each other.

☞ There was a good house at the Theatre last night, and the pieces—Corsican Brothers and Domestic Comforts—were played in excellent style. To-night we have Jack Cade, to be followed by a dance by Miss Emily Waldegrave, to conclude with The Follies of a Night. We predict a full house.

A plan is on foot to purchase the entire salt property in the Kanawha Salines, Virginia, and to place all the furnaces under the management of one company. They yield 300,000 bushels of salt per annum. The purchasers are eastern Virginians, and will raise $1,000,000.

☞ There is to be a grand illumination and torch-light procession at Perryville, Boyle county, on Friday night next, in honor of the election of Buck and Breck, and the defeat of sectionalism, fanaticism and Know Nothingism.

BURGLARS ABOUT.—The residence of Mr. Chas. Q Armstrong, on Walnut street, between East and First, was broken open on Monday night.—The thief or thieves, after effecting an entrance, lighted a candle and proceeded to ransack the house.

☞ The Countess Charles Fitzjames has just met with a painful death near Paris. Whilst walking in her park she unfortunately trod upon a lucifer match; in an instant her dress was in flames, and, after lingering several days, death has put on end to her sufferings.

OBSTINATELY A GOOD REASON FOR DISCONTINUING THE PAPER.—The Warsaw, Missouri, Democrat has the following. "We strike the names of two of our subscribers from our book this week, who have recently been hung in Texas. We do this because we are not advised, as yet of their present locality."

A man by the name of Knightson, a shoemaker by trade, was found dead in his bed yesterday at his residence on Magazine street, between 13th and 14th. It is supposed he committed suicide by taking laudanum. He had been laboring under much distress of mind, from a separation from his wife a short time ago.

THEATER—MR. NEAFIE.—The engagement of this distinguished gentleman at the Louisville Theatre has proved a most brilliant and successful one. During the past and present week he has been playing some of his best parts, to audiences that have been growing nightly in numbers and enthusiasm. He has already become quite a favorite with the play-goers of this city. Never, to our knowledge, did an artiste meet with a more cordial reception at the "Louisville," than did this gentleman. We have been so engaged that but little opportunity has offered to witness much of Mr. Neafie's acting; enough, however, to convince us that he is possessed of dramatic talents of the highest order. His engagement closes this week.

'The managers of the Theatre deserve credit for the manner in which they cater for the public amusement. They are determined to spare neither pains nor expense in making the "Louisville" one of the most attractive places of amusement in the Union, and the better they are patronized, the better will they be enabled to furnish dramatic entertainment of the highest order during the coming winter.

THE EXAMINATION OF POWELL FOR KILLING McDOWELL.—It seems there was an old difficulty between the parties on Saturday evening, about 6 o'clock. They met at Sulphur Well, and deceased demanded the accused to retract certain words alleged to have been spoken concerning a female. Accused denied using them. Deceased told him if he denied it he would cut his heart out, and thereupon seized him by the collar, and an encounter ensued, which resulted in the death of McDowell. McDowell was a much larger man than the accused. The instrument used was a bowie knife. J. A. B. Furniss for the Commonwealth, and Boone and Pennebaker for the accused.

RESIGNATION OF J. W. BROUGH, ESQ.—The Philadelphia Argus, of the 10th, says: John W. Brough, Esq., who has been at this city as an Agent for the Bellefontaine Railroad, and acting as General Agent for the Jeffersonville Railroad, has resigned his position for the purpose of going into business on his own account. Mr. Brough has conducted the affairs of those roads with signal ability, and has given universal satisfaction to travellers and shippers.

☞ Have our readers been to C. Hagan's book store and made a purchase of a book lately? If not, we advise them by all means to do so at once. By purchasing to the amount of one dollar, they will receive a present for nothing. If they are lucky, they may receive a gold watch, locket, or some other valuable article. We were for once, the lucky receivers of a ream of paper. Try your fortunes. We wish you luck.

STABBING AFFAIR.—On Tuesday night a German coffee-house keeper named Feuerabend got into a difficulty in his house with Chas. Lewis and James Bowes. One of them inflicted a serious wound in his groin with a pocket-knife. Lewis and Bowes were arrested, and their examination was this morning postponed until the condition of the wounded man can be ascertained.

AT COST—$30,000 WORTH OF FANCY AND STAPLE DRY GOODS.—We would invite special attention to the advertisement of the firm of Miller & Tabb, corner of Fourth and Market streets, who will offer from date their entire stock of fancy and staple dry goods at cost. They are induced to do this in order to reduce their stock by the first of January next, at which time one of the members of the firm will withdraw from the concern. This is an old house and favorably known.

They have a large and attractive stock, and we would advise all those in search of great bargains and good goods, to avail themselves of the present opportunity.

WHERE TO STICK A POSTAGE STAMP.—The upper right hand corner is the place for the stamp. There, it is readily seen when the clerk is running over his pile of letters, and there the mailing stamp serves to obliterate the postage stamp. But if placed upon the other end of the letter, the stamp is not easily seen, and besides, the clerk is obliged to stamp twice, once in order to deface the head, and once to impress the post office date stamp. Letter writers, if they would avoid giving extra trouble to the clerks, will govern themselves accordingly.

CITY COURT.

WEDNESDAY, NOV. 19.

Three young men named Marshall, Amos, and a third, drunk and disorderly conduct. Amos had a pistol. Bail in $460 for six months and $100 to answer a misdemeanor.

Thos. Evingtou, Morgan Whitkin, and John Wheeler, bailed out of the workhouse.

Lawrence Johnson, drunk and disorderly conduct. Bail in $200 for three months. Workhouse.

Warden Pope Gibson (f. m. c.,) drunk and disorderly conduct. Bail in $200 for three months. Workhouse.

Commonwealth by Elizabeth Ritchey vs. Geo. McMullen, peace warrant. Bail in $300 for six months, and $100 to answer a misdemeanor.

FOR NICARAGUA.—The New Orleans Delta says:

All persons emigrating to Nicaragua receive from the Goverument a free donation of land.—So announces the agent of that Government here, Col. Mancosos. He advances passages to persons desirous of emigrating. A steamer will leave here for Nicaragua on the 28th of every month.

☞ We have before us the Tallahassee Floridian of the 8th instant, which contains the following:

Although the returns received of the election on Tuesday last are meagre, they are sufficient to show that Florida has gone for Buchanan by a large majority. Thus far the gains over Perry's and Walker's majorities in October are nearly equal to the entire majority of the former for Governor.

THE HOG MARKET.—The hog market here is very dull, buyers not being willing to pay $5 50 net, except for choice lots. They reduced the price for hogs on foot to-day to $4, delivered on the line of our Railroad. Quite extensive preparations have been made by our packers for this winter's packing. Simpson & Co., expect to slaughter 20,000, and J. M. Rawlins & Co., about 15,000, which will be a considerably larger number killed than in any previous year. Both houses commence operations on Tuesday next. *New Albany Leger.*

☞ The most fun we have these days is in reading the groans of the Know Nothing papers. These goose fellows die awful hard. We overheard two girls at a hanging once, as follows: "O! Mollie, just look at him. Don't he kick beautiful?" "Yes indeed, and *how* he squirms. Did you *ever*? Sam kicks most "beautiful;" and *how* he squirms. *Did* anybody "ever."

☞ Aunt Mary saw over a tailor's door a sign bearing the inscription, "The Fountain of Fashion." "Ah?" exclaimed she, "that must be the place where the *squirts* come from."

A LARGE STOCK OF CLOAKS AT REDUCED PRICES.—Miller & Tabb corner of Fourth and Market streets are offering a large stock of Velvet, Moire Antique, Cloth and Plush Cloaks at 25 per cent lower than former prices. ☞ Troxel, the Ambrotypist and Heliographist has returned from New York with the largest and best selected stock of cases, frames, chemicals, &c., ever brought to this city, comprising some sixty different styles, and mostly new cases which the public are invited to go and examine. Also, a large and well selected assortment of box pins, and lockets, &c., for Ambrotypes, and frames of many new and beautiful patterns, all of which will be sold cheaper now, than at any other establishment in the city.—Having made every arrangement in the East with the most eminent artistes, pictures can be made here and sent on to be colored by artists that would not get work in a city of this size to justify them to come here. Besides the above arrangement, everything that is or may come out new, will be immediately introduced by Troxel & Co. The object of the proprietors is to make this *the* Gallery of Art in the West, and with the present facilities, they are bound to succeed. When East, Mr. Troxel secured at great expense, one of C. C. Harrison's new and improved mammoth Cameras, the largest and best in the world, which will enable them to make life-size pictures from life, something long needed by artists in this country. There is now only three Cameras of this kind in the world, so that Louisville stands among the cities of improvement.

GALLERY OF ART—ADMISSION FREE—HARRIS-CELEBRATED GLLERY OF PHOTOGRAPH, COLLODIO' TYPES, SPHERROTYPES, AMBROTYPES, MOLAINDTYPES, and all pictures known in the Helliographic art. This establishment is open daily, (Sundays excepted) free of charge, where Mr. Harris will be happy to receive and attend upon his friends and the public generally. Life size Photographs taken from Dagnerreotypes and colored in oil by one of the first artists in the country. Lockets, finger-rings and pins filled with Collodeotypes that will not wash out.

To Parents and Guardians.—Now is the time to have your children's and ward's faces faithfully copied. Our sittings occupy only from three to five seconds. Between the hours of 9 A. M. and 4 P. M. is the best time for children. Great care is used in copying Daguerreotypes. No. 479 Main street, between Fourth and Fifth.

DR. ROBACK'S SCANDINAVIAN REMEDIES.—In directing the attention of our readers to Dr. Roback's advertisement, we have no hesitation in saying that all he claims for his medicines is confirmed by certificates from all parts of the west The language of these certificates is so earnest and grateful, and the cures refer to such a variety of diseases, that it would be folly to question the restorative properties of the preparations. It appears that while botanizing among his native mountains, in Swedeu, during a visit to that country some years ago, he collected a large quantity of rare medicinal herbs, unknown in this country, and by combining the liquids and solid extracts of those possessing powerful detergent properties, he succeeded in producing his celebrated Blood Purifier and Blood Pills, which are said to exercise a more beneficial effect upon the fluids of the human body than any other curatives in existence. Dr. Roback's theory is, that all diseases originate in the blood, and it would seem that the rapid recovery of his patients, under a course of these disinfectants, affords stroug presumptive evidence that his pathology is correct. Certain it is that the celebrity of his medicines increases daily, and that he has authentic proots of their success in his possessions. See Advertisement.

☞ IT IS WONDERFUL how some gray hair is changed to its original color, and stops to fall by the use of Prof. Wood's Hair Restorative. And the ladies are loud in its praise as a cosmetic and cure for pimples and blotches, in short it is now a standard remedy and one in very respect desirable for the toilet.

Private Medical Treatise,

ON THE

Physiological View of Marriage.

BY

M. B. LA CROIX, M. D., ALBANY, N. Y.

260 pages and 130 fine Plain and Colored Lithographsan Plates.

☞PRICE ONLY 25 CENTS.☜

☞Sent free of postage to all parts of the Union.☜

DR. M. B. LA CROIX'S PHYSIOLOGICAL VIEW OF MARRIAGE.—A new and revised edition of 250 pages and 130 plates. Price 25 cents a copy. A popular and comprehensive treatise on the duties and casualties of single and married life—happy and unfortunate alliances, mode of securing them—indelicacies and infirmities—their obviation and removal—nervous debility, its causes and cure, by a process at once so simple, safe and effectual, that failure is impossible—rules for daily management—an essay on marriage, with practical observations on a subject as particularly recommended to persons entertaining secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness, and prospects to which every human being is entitled to.

Price 25 cents per copy, or five copies for $1, mailed free of postage to any part of the United States, by addressing Dr. LA CROIX, (post paid,) Albany, New York, enclosing 25 cents.

N. B.—Those who prefer may consult Dr. LA CROIX upon any of the diseases upon which his book treats, either personally or by mail. His medicines often cure in the short space of six days, and completely and entirely eradicate all traces of those disorders which copaiva and cubebs having so long been thought an antidote, to the ruin of the health of the patient. The "French Secret" is the great communal remedy for that class of disorders which, unfortunately, physicians treat with mercury, to the irretrievable destruction of th patient's constitution, and which all the sarsaparilla in the world cannot cure.

Dr. LA CROIX'S medicines are free from all mineral poisons, and put in a neat and compact form, which can be sent by Express or Mail, and may be taken in a public or private house, or while traveling, without exposure to the most intimate friend or room mate, or hindrance from business or study, and no important change in the diet is necessary. Medicines sent to any part of the Union, according to directions, safely packed and carefully secured from all observation.

Williams's Anti-Dyspeptic Elixir

IS, with the utmost confidence, offered to the Medical Faculty and the public, for the cure of Dyspepsia or Indigestion, and all diseases arising from it, such as

Nausea, Headache,
Vertigo, Dimness of Sight,
Debility of the Nervous System,
Hypochondria, Jaundice,
Loss of Appetite,
Wasting of the strength,
Flatulence, with frequent belching of Wind,
Vitiated tastes,
Costiveness and uneasiness of the bowels,
Bilious Vomiting,
Burning sensation at the pit of the stomach,
Lower Complaints,
Oppression after eating,
Palpitation of the Heart,
Pain in the pit of the stomach, or towards the right side,
Sallowness of complexion,
Depression of spirits and irritability of temper, &c.

If a case of dyspepsia should be neglected, most serious effects may ensue, for it lays the foundation for, is the most frequent cause of, and very frequently terminates in consumption. I would impress upon the mind that to trifle with this disease, may be to sport with that reason which constitutes man super eminent among animal beings, or to endorse evidence by adding a consciousness of folly to the penalty of sin.

This medicine is prepared entirely from vegetable substances; the most delicate stomach can bear it conveniently, and is given with perfect safety, in minute doses to the most tender infants, its properties being of a strengthening and invigorating nature. It is neatly put up in bottles, with ample directions for use.

The following testimonials from some well known and respectable citizens of Philadelphia, are fully corroborative of the tried efficacy of the Anti Dyspeptic Elixir.

Attetsation.

We, having used William's Anti Dyspectic Elixir with the most perfect satisfaction and success, take great pleasure in recommending it to all persons suffering with Dyspepsia, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pain and uneasiness, and imparting a healthy tone to the stomach.

THOMAS ALLBURGE, President Bank of Pennsylvania.
ARNEE ELDES, Market street, below Second.
EDWARD H. ROWLEY, No. 14 North Wharves.
MICHAEL DUNN, Superintendent of Merchants' Exchange, Phil.

This list of names could be extended to almost any length, but the foregoing is deemed sufficient.

Testimony of Mr. Michael Dunn, Superintendent of the Philadelphia Exchange, corroborative of the efficacy of Williams's Anti Dyspeptic Elixir.

PHILADELPHIA, March 16, 1853.

Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afflicted with its symptoms, than with in the last few weeks. Indigestion, nervous irritability, despondency, a sense of weight in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Fortunately, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and bodily health, were fully restored. To me there are seemed almost miraculous, and my object in writing to you is—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

I am, dear sir, yours truly,
MICHEAL DUNN.

The impression that the road has not capacity to transport the amount now offering is a false one, and is circulated for the purpose of doing this route an injury for the benefit of some other.

LITTLE MIAMI RAILROAD,

VIA COLUMBUS.

THE Little Miami via Columbus being the shortest route, enables uniform and safe speed. Connections are certain, and passengers have full time for meals. By any other route from Cincinnati, a dangerous speed is required and compelled to overcome distance, which makes connections uncertain.

The Columbus being exclusively an Eastern route, the Time Tables of the Eastern Roads are arranged to run in direct connection.

Passengers from Cincinnati by the Bellfontaine and Forrest Route, depend on Trains from Indianapolis and Fort Wayne to go East, and ride over the roughest Roads in Ohio to get to Crestline.

THREE DAILY TRAINS,

At 6 A. M., 10 A. M. and 6 P. M.

First Train—Lightning Express, Little Miami Railroad leaves Cincinnati at 6 o'clock A. M., for Columbus, Crestline, Pittsburgh, Lancaster and Philadelphia, Harrisburgh and Baltimore.

This Train is the only Lightning Express Train, leaving Cincinnati with reliable connection to the East.

Second Train—Express, Little Miami Railroad, leaves Cincinnati at 10 o'clock, A. M. for all the above places.

This Train leaves Cincinnati two hours later than any other route, and makes the same connections.

Third Train—Night Express, Little Miami Railroad, leaves Cincinnati at 6 o'clock P. M., for all the above places.

This Train leaves Cincinnati ONE HOUR later than any other route, and makes the same connection.
